---- HAPPY NEW YEAR 2009 TO ALL!! ----
==========
01/01/2009: A license has been granted to an Italian team and the period of their first activity will be from January 1-11th. The call sign released is E44M and it covers from 160 meters to 2 meters SSB, CW, RTTY and all digital modes with a maximum power of 1KW. They will have 3 stations active with beams, verticals and wire antennas. The team includes the following 6 members: Vinicio/IK2CIO, Simone/IZ0BTV, Aurelio/IZ0EGM, Giorgio/IZ4AKS, Massimo/IZ4DPV, Pasquale/IZ8IYX and Leszek/SP3DOI. They will focus their activity to RTTY and other digital modes, low and WARC bands, giving attention to stations outside Europe, when the propagation will allow it. Pilot stations will be announced later. QSL manager is IZ0BTV and he will answer via direct (Simone Bizzarri, P.O. Box 51, Grottaferrata 00046 (Roma), ITALY), bureau and LoTW in reasonable time. More news in the next few weeks. A website has been setup at: www.dxcoffee.com/e44m/ [NG3K]

01/01/2009: Roland, F8EN will once again be back to Libreville, Gabon, from January 1-26th. Call sign will be TR8CR. QRV mostly 40/30/20m. QSLs via F6AJA, direct or bureau. [F6AJA]

03/01/2009: Fran?ois/F5JNE and Claude/F5MCC will be active as F5JNE/p on January 3rd from the Castle of Saint Benoist (DFCF 10-029), located in the city of Saint Benoistsur Vanne (CP 10160), canton of Aix en Othe (DDCF 10-01), Department Aube/10 and Province Champagne-Ardennes (DPF 08). QRV 80 and 40 meter CW/SSB, starting around 0700 UTC. QSL via F5JNE, bureau preferred and SWL cards are welcome. [F5NQL]

03/01/2009: Marty, W2CG will be active as P40CG from the Bucuti Beach Resort at Eagle Beach, island of Aruba (SA-036, WLOTA LH-0033) from January 3-17th, including an entry in the ARRL RTTY Roundup (January 3-4th). Operating time will be limited to early morning and late evenings, on 80-10 meter CW, SSB and Digital modes. QSL via home call, direct or bureau. Logs will be uploaded to LoTW. [K1XN]

04/01/2009: Paolo, IK2QPR will be active as HR9/IK2QPR from Roatan Island (NA-057, WLOTA LH-1671) from January 04-12th. Look for activity on all bands. QSL via home call. [NG3K]

05/01/2009: Neil, WD8CRT will be active again as V73NS from the island of Roi-Namur (Grid RJ39), Kwajalein Atoll (OC-028), Marshall Islands. He should start around January 5th and remain there for at least two years. Expect him to operate mostly CW on 160-6 meters. QSL via bureau or direct to Neil Schwanitz, Box 8341, APO, AP 96557, USA. His web site can be found at www.qsl.net/v73ns/ [MMMonVHF]

BITS & PIECES -

Press Release
01/01/2008
Dear Fellow DXers,
Reluctantly, due to the current US economic situation, the DXpedition team has decided to

postpone the CY0 DXpedition planned for 2009.
While we are hopeful to reorganize the DXpedition {possibly for 2010}, we have decided that rather than tie up the funds so graciously made available by our sponsors, we will return donations received so the sponsorship may be available to other DXpeditions for this year. any sponsoring organization may feel free to contact me with any questions regarding the matter.
We are hopeful that our kind sponsors will be willing to renew their sponsorship when the Dxpedition is able to be reorganized in the future.
The sabledx.com website will remain functional for the time being.
Wishing all good DX and 73.
Sincerely,
Duane Traver, WV2B
Team Leader

E44M - Palestine -
The pilot station for our activity from Palestine will be Arturo, IK7JWY. He will be our main contact with the community of amateur radio operators. Thanks to Arturo, everyone can give a great help sending information about problems, suggestion or simple comments. Arturo has a great experience in contesting and dxing. Licensed in 1988, He is an homebrewing and CW enthusiast. He had important results in contesting: multi-operator team IH9P (2002-2003-2004-2005 first world in their respective WWDX CW and SSB contests), Single-Operator IH9M 2007 (first world and new world record as S.O.80m High Power Assisted in the WWDX-CW). Now, He is mainly active on 20m CW SSB.
The function of the pilot station will be to collect requests and suggestions relating to the DXpedition, and then forward them to the team, and communicate to the public any instructions or informations from the team.
The online communication with the pilot station will be only in the forum support of the DXpedition, through messages from users in the special area of discussion. This will make useful for everyone the request made by someone.

Dear fellow hams,

After 13 years of providing hams with no cost web space, e-mail forwarding and mailing list services through QSL.net and QTH.net, I have decided to retire. All QSL.net and QTH.net

servers and Internet connections at my home QTH are being turned down.

Scott KA9FOX has graciously decided to pick up where I left off, and he is in the process of migrating all services to new hardware. See below for an update on the status of the migration.

I want to thank all of you for all of your support over the years, and I hope that you will support Scott as he takes over the reigns.

See you on the air!
